KUM®Beauty Products

Beauty
since 1919 GERMANY

KUM® History

KUM® was established in 1919. The company name stands for "Kunststoff & Metal" which is German for plastic and metal, the material that most **KUM®** sharpeners are made of.

KUM® has grown for half a century under the steady hand of Dr. Werner Luettgens. His son Dr. Fritz Luettgens now continuing the success story into the 3rd millennium.

The range of **KUM® Beauty** includes a variety of beauty tools such as accessories, brushes, facial- eye- and nail care products. Like all **KUM®** Brands, these are sold around the globe by major cosmetic companies.

The goal of **KUM® Beauty** is to provide you with the most innovative and creative products on the market.

FRITZ MUßGÜLLER
